

Download for MyOldPCs

Posted by tuxkud - 2014/08/12 09:22

Hello,

I asked for the download-link for MyOldPCs, a few days ago. I sent an email to info@vmlite.com.

I would like to convert my XP-32-Bit System to a virtual-system, which I can use in VMLite, running on my 32-Bit Win 8.1-System.

Can you please send me the download link to my following e-mail-adress: [ckdepping\(at\)arcor.de](mailto:ckdepping(at)arcor.de)

THX

Still didn't get an answer to my request.

Is the software "MyOldPcs" no longer available or what can I do, to get a download-link for the Trial-Version?
